

# Testing Rmd in VS Code

## References

Adding a reference from a bib file that gets automatically created by Paperpile (Curtis et al. 2021). Here's another OpenSAFELY paper Williamson et al. (2020).

## Calculations

Some complex calculations here.

```
# Let's use R to solve this for us and store the result in a new object
results <- 1 + 1

# Return results here
results
```

```
## [1] 2
```

We can also use inline R chunks to return the result in a sentence. The answer of our problem above is: 2.

## Tables

```
knitr::kable(mtcars)
